

A Chinese chieftain who recently went to West Europe and northern Europe was treated like a warmonger. This is proof of Europe's attitude. Then what has China received in seeking an alliance with imperialism?

China loudly talks about opposing revisionism and imperialism and attacks the Soviet Union and other socialist countries. This has split the international communist movement to an unprecedented level, separated the new China from the socialist camp, plunged China into the embrace of imperialism and destroyed the dictatorship of the proletariat in China and all the fruits of the 50 years of the Chinese revolution. The Chinese authorities pushed the Great Leap Forward and the four modernizations, which are geared to the need of militarization, and have absorbed all the labor and money of the Chinese people who have been trapped in poverty for a long period. The Chinese authorities have smeared the revolutionary tradition of the Chinese people. They have embellished U.S. imperialism and the renegades, reversed right and wrong and confounded black and white. Their betrayal has made friends and followers desert them, enemies cheer them and has saddened friends.

The Chinese authorities have sold themselves to U.S. imperialism and are being controlled by imperialism. The United States has used this opportunity to arm the Chiang gang in Taiwan and use Taiwan as a military base for clamping down on China and sabotaging revolution in Asia. The United States is still pushing the two China's policy and smashed the hope of the Chinese people for recovering Taiwan.

Japan has also taken advantage of this opportunity to invade and occupy China's Diaoyu Island [Senkaku Islands]. The Chinese authorities only protested half-heartedly. The United States and Japan have only considered China as a regional military policeman and have never treated it as a strong power.

In short, the Chinese authorities' collaboration with imperialism will certainly harm the basic interest of the Chinese people and the world people in the end and obstruct China's development as a socialist society. This kind of collaboration can only give rise to all sorts of abuses without a single benefit. Here, let us cite a passage from an article on the two policies for peaceful coexistence published by Beijing earlier to remind the Chinese leaders not to become dizzy with their active attempt to seek world hegemony; Those who betray the people of the socialist countries and the world and vainly attempt to collaborate with U.S. imperialism and seek world hegemony will not have a good ending.

It is still not too late to stop such dangerous action.

[Text] Hanoi VNA August 7--Pham Tuan's space flight on board the Soviet-Vietnamese "friendship ship" is a glorious land-mark along the 35 years of courageous struggle of the Vietnamese people. So said German Titov, pilot-cosmonaut, hero of the Soviet Union, hero of the Socialist Republic of Vietnam and president of the Soviet-Vietnamese Friendship Society, at a mass meeting in Moscow yesterday to welcome the successful Soviet-Vietnamese space flight.

The meeting was sponsored by the Soviet-Vietnamese Friendship Society and the Intercosmos Council. Its presidium included Mrs Z.M. Kruglova, member of the CPSU Central Committee and president of the Union of Soviet Societies for Friendship and Cultural Relations with Foreign Countries; and A.M. Kolesnikov, vice-chairman of the Council of Ministers of the Russian Soviet Federative Socialist Republic. Present on the Vietnamese side were Nguyen Xien, presidium member of the Vietnam Fatherland Front Central Committee, vice chairman of the National Assembly Standing Committee and Vice President of the Vietnam-USSR Friendship Association; and Ambassador Nguyen Huu Mai, Cosmonaut Lieutenant-Colonel Pham Tuan, his stand-in Captain Bui Thanh Liem, and their families also participated in the presidium of the meeting.

G. Titov continued: "This flight is another brilliant expression of the unshakeable friendship between our two fraternal peoples, an outcome of the effective cooperation between the Soviet Union and Vietnam in all fields from terrestrial depths to celestial heights. This outstanding flight has also eloquently proved that the countries--members of the great socialist family--shoulder to shoulder could successfully fulfill all major tasks in the exploration and use of the cosmic space in the interests of peace and social progress". In his speech, Nguyen Xien said Vietnam's revolutionary gains over the past half-century are all closely connected with immortal Marxism-Leninism, with the far-reaching influence of the October Revolution and with the great and selfless support and assistance of the Soviet people. "The successful joint Vietnamese-Soviet space flight is another eloquent proof of the unbreakable relationship between our two peoples and of the constantly broadening cooperation between our two countries in the scientific and technological fields," he said.

NHAN DAN COMMENTARY SUPPORTS UN PALESTINE RESOLUTION

CW040805 Hanoi VNA in English 0703 GMT 4 Aug 80

[Text] Hanoi, VNA August 4--The Hanoi daily NHAN DAN in a commentary today says that the resolution on Palestine adopted by the recent special session of the UN General Assembly is an important political victory for the Palestinian people and a severe defeat for U.S. imperialism and Zionism.

The paper says: "From the outset, Washington and Tel Aviv did their best to undermine the session. Having failed to use procedural questions to obstruct the session the United States, Israel and some other countries opposed the draft resolution sponsored by non-aligned countries. This clearly demonstrated to the Palestinian people and the other Arab peoples who their enemies are."
