ISRO postpones satellite docking experiment again

BENGALURU: Isro on Wednesday once again postponed the Space Docking Experiment (SpaDEx) involving two satellites. The SpaDEx was supposed to take place on Thursday.

"While making a manoeuvre to reach 225 m between satellites the drift was found to be more than expected, post non-visibility period. The planned docking for tomorrow is postponed. Satellites are safe. Stay tuned for updates," it said on X.

[V NARAYANAN] NEW ISRO CHAIRMAN

With the kind of employees, technocrats, and management staff available at ISRO, we will be able to contribute significantly to making India a developed nation
