We will land our first astronaut on moon by 2040: Isro chief

HARIDWAR: India will be landing its first astronaut on the moon by 2040, Indian Space Research Organisation (Isro) chairman and secretary department of space Dr V Narayanan said on Tuesday during the inaugural session of the 6th Indian Planetary Science Conference held at the Indian Institute of Technology Roorkee. The Isro chief said that Prime Minister Narendra Modi is very keen to have an Indian landing on the lunar surface by 2028.
